

Workshops at the Churchill Studio

Enjoy a relaxing day making your own Paverpol sculpture. The full range of sculptures that are available for sale are also available for you to make, dependent on fabric availability. You are also able to make larger sculptures, if wanted. Bookings are essential, just give me a call or email. The studio is air-conditioned; you don't have to work outside or on a deck. Enjoy the pleasant garden surroundings over lunch, if you wish.

Other dates are available for all workshops/training; these are just ones that I have put in the diary as a starting point. Remember Monday night classes are available also. And yes, I am teaching the hand sculpted faces, hands and feet again, in the ADC workshops, only available at the Churchill studio.

INSTRUCTOR TRAINING DATES:

Wednesday, 21st and Thursday, 22nd July
Saturday, 7th and Sunday, 8th August
